Text and Workbooks List

Below is the list of books your child will use in the classroom this year. We provide a standard set to all students as assignments will be given by page number and it is important that students are working from the same editions. A student may re-use an older sibling's social studies textbook* from a previous year, and the cost of the set will then be adjusted. You may pay for the materials in the office on orientation day or during the first week of school. Total cost is \$250.00, payable by cash or check.
